

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH & FAMILY
WELFARE, (DIRECTORATE
GENERAL OF HEALTH SERVICES)
AIRPORT HEALTH ORGANISATION,
MUMBAI- 400099**

SUO MOTU DECLARATION UNDER SECTION 4 OF RTI ACT 2005

(1) Particulars of the Organisation, functions & duties (Section 4(1)(b)(i)) :

1. Introduction and Background Information:

Airport Health Organisation (APHO), Mumbai is a unit of International Health Division under Directorate General of Health Services, Ministry of Health and Family Welfare, Government of India. APHO, Mumbai is a designated Point of Entry (POE) for coordination of activities and containment of Public Health Emergencies of International Concerns (PHEICs). APHO Mumbai is the nodal organization to coordinate the PHEIC activities at C S M I Airport, Mumbai. APHO, Mumbai was established in 25th July, 1947.

Location: It is located in Andheri (E) of Mumbai Metropolitan Area.

History of C S I Airport, Mumbai: Commercial aviation commenced on October 15, 1932 at Juhu air strip, 2.5 km away from present Mumbai Airport. Since it was at the edge of the sea, it could not be expanded to war requirement in 1930 & 1940. So, a new site was selected at Santacruz. This was the beginning in 1940 of the present Mumbai Airport. In 1946, DGCA took over the aerodrome from air force.

The International Airports Authority of India (IAAI) was set up in 1972 took over the operation of the four metro airports and planned expansion. However, IAAI was merged and formed Airports Authority of India in the year 1994.

GVK/MIAL took over in 2006 and made Chhatrapati Shivaji Maharaj International Airport the biggest and modern Airport in Asia as of today.

Adani Airport Holding Limited (AAHL) took over the airport from GVK from July 2021 onwards.

Chhatrapati Shivaji Maharaj International Airport, an ISO 9001: 2000 certified, is the second busiest airport in the country. Located in Mumbai, which is financial capital of India and Capital of Maharashtra, it is the major gateway to the international traffic to India.

Currently the airport handles on an average around 840 flights, 95000 passengers and 1500 MT cargo per day. For handling such volume of passengers and cargo various regulatory and facilitating agencies are functioning at the airport, many of whom work round the clock basis. AAI provides various services for passenger facilitation and smooth aircraft operation.

2. **Functions:**

Routine Activities:

1. Surveillance of International Passengers and Crew for yellow fever disease
2. Quarantine of Passengers
